Share Pro™ Expandable Wireless Presentation System

- Wirelessly share full HD content from 2 HDMI-enabled sources to a TV/projector
- Push-button connectivity displays a single presenter at a time
- Eliminate unsightly HDMI cables and bulky adapters
- Flexible system is ideal for meeting rooms, classrooms & more
- Reaches up to 120 feet for in-room wireless connectivity

Present Your HD Content at the Push of a Button

IOGEAR's Share Pro™ Expandable Wireless Presentation System offers flexible, simple push-button wireless connectivity for multiple presenters, one at a time. Eliminate unsightly, cumbersome HDMI cable runs and bulky adapters to connect in meeting rooms and classrooms.

Share & Expand Your Presentation Capacity

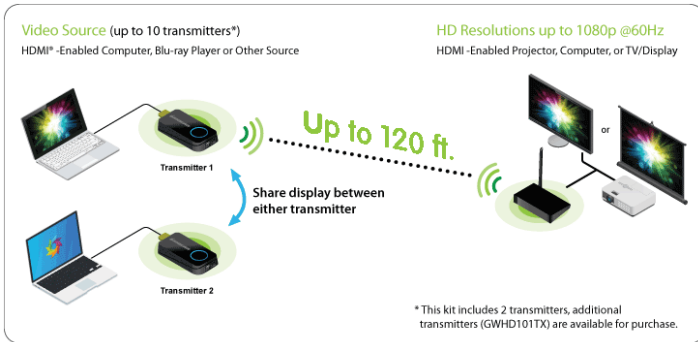

Share full HD content from an HDMI or USB-C*-enabled laptop or tablet to a larger in-room TV or display up to 120 feet away. Expand the system from two to 10 in-room presenters by adding a mix of either HDMI or USB-C* push-button transmitters for fast, effortless presentation viewing.
