GWMHDKIT13

Multi-Room Wireless HDTV Connection Kit with 3 Receivers

- Wirelessly connect an HDTV to a video source such as cable boxes, Blu-ray players, laptops, and more
- Connect 3 TVs** and share the same content from a single video source
- Avoid the hassle of expensive and disruptive wiring
- 10 Independent wireless channels with no interference
- No wireless pairing required- Just match the receiver channel to transmit channel

Eliminate Cables Without Sacrificing HD Quality

The Multi-Room TV Connection Kit with three Receivers** is a dedicated wireless solution that sets up quickly and does not require a WiFi network. Connect a source device such as a cable box or satellite receiver or laptop to an HDTV or display and stream high definition audio and video up to 150 feet through walls and doors.* With support for HD resolutions up to 1080p, you can easily eliminate your HDMI cables without sacrificing picture or sound quality.

- Wirelessly connect an HDTV to a video source such as cable boxes, Blu-ray players, laptops, and more
- Connect 3 TVs** and share the same content from a single video source
- Avoid the hassle of expensive and disruptive wiring
- 10 Independent wireless channels with no interference
- No wireless pairing required- Just match the receiver channel to transmit channel

- Penetrates walls for flexible setup
- High fidelity H.264 video compression
- Control video sources with their original remote controls via included IR remote kit
- No existing WiFi network required
- Advanced wireless technology- 5GHz 802.11ac
- WPA2 wireless security

*Distances may vary depending on environment. Solid and non-porous materials such as steel, concrete, brick and glass (varies depending on coating and thickness) may cause shorter viewing distances or loss of signal. Line of sight is recommended for optimal performance.

**Additional displays may also reduce the effective distance.

This dedicated wireless solution sets up quickly and does not require a WiFi network. Connect a source device such as a cable box or satellite receiver, laptop or game console to a HDTV and transmit HD video and audio up to 150 feet.* Expand the system to connect up to 10 HDTVs from 10 different selectable HDMI video sources with additional kits.
